TC 2100 MAILROOM

Prior to examination of the above-identified Continued Prosecution Application, please  
amend the application as follows:

IN THE CLAIMS:

Sub  
01

1. (Twice Amended) A method for automatic production of documentation for configurable computerized systems, comprising the steps of:
  - a) retrieving configuration parameters having values associated therewith, from a configurable system;
  - b) outputting explanatory information corresponding with at least one of said configuration parameters and a value associated with said parameter; and
